

IAPA MEMBERSHIP APPLICATION

IAPA aims to promote and improve clinical, ethical and scientific standards in the field of Audiological Medicine.

Audiological medicine covers all topics from medical sciences to psychological, educational and social aspects of diagnosis and rehabilitation of people with hearing, balance and communication disorders.

IAPA promotes international symposia in audiological medicine and also certifies national and international courses within the field.

Membership is open to all medically qualified professionals working in the field of audiological medicine. Annual membership dues are €50.

IAPA MEMBERSHIP BENEFITS

I. A subscription to the journal *Audiological Medicine*.

The journal *Audiological Medicine* is the official organ of IAPA. This international journal aims to provide a forum for research into hearing, balance and communication disorders. There are 4 annual issues, 2 regular issues and 2 special issues. The topics of the special issues include: genetics of hearing, inner ear pharmacology, inner ear plasticity, tinnitus, and otoneurological evaluation of children.

(Regular subscription rate for non-members is €130). For more information, please visit: <http://www.tandf.no/audiology>.

II. 20% discount and free delivery of the *Textbook of Audiological Medicine*.

Textbook of Audiological Medicine: The publisher offers 20% discount and free postage delivery to IAPA members provided that the book is ordered directly from the publishers, the Taylor and Francis Group (<http://www.tandf.no>).

The Textbook is edited by Linda Luxon, Joseph M Furman, Alessandro Martini, S. Dafydd G Stephens. Publication date was in December 2002. The book counts 972 pages with 50 colour illustrations, 250 b&w illustrations and 475 artworks. The price, with IAPA discount, is £120(€180).

When ordering the book, please tick the box on the membership application form below and you will receive an invoice from the publisher after your application has been processed.

III. Reduced fee for participation in the International Symposia in Audiological Medicine arranged by IAPA.

For further information see Future Symposia (www.iapa-online.org).

IV. Regular information on IAPA certified national and international courses and symposia.
